

Since 1998 Project Life War Orphans Rehabilitation Program has planted seeds of peace and hope in the Northern Caucasus region. Working hand in hand with officials from both the Russian and Caucasian governments and the Foundation for Assistance to Formerly Displaced People, Project Life has successfully provided humanitarian aid to orphan children for 15 years.

To celebrate this monumental event, Project Life, in collaboration with the Foundation for Assistance to Formerly Displaced People and government representatives from Nazran and Grozny have organized this conference to be held in the republics of Ingushetia and Chechnya on May 21 and May 23, 2013.

International representatives from World Life Institute will connect with children, families and friends of the North Caucasus. Community and social workers, teachers, government staff and friends are invited to come in the spirit of Trust- Building Across Continents.

Topics

- Culture and history of the Caucasus
- Project Life and the children of the Caucasus
- Rehabilitation activities in the American environment
- Personal stories and experiences from the children served 1998 to present
- How families share the impact of the rehabilitation and healing process

In 1998, Project Life initiated an educational, recreational program in a supportive environment for orphans from the Caucasus in collaboration with The Fund for Assistance to Formerly Displaced Peoples. Since then Project Life has made regular visits to the Caucasus and continues this program. Through our efforts, over 50 children have been guests of American families.

The program promotes friendships among children from war torn countries including Afghanistan, Bosnia and the Caucasus. They gain strength, hope and a vision for how to live in the world nonviolently.

We come together at this conference to honor the success of the program and to plan for the next decade of peaceful collaboration.
